Flag is case sensitive.

- author: raydan

The picture above is Maria, it is clue. Because there is a decrypt / encrypt tool called Trithemius Ave Maria.

```
|Incompraehensibilis Conseruator. RS  
Redemptor optimus Th  
Iudex omnipotens Is  
Sapientissimus omnipotens Is  
Redemptor fabricator Tr  
Iudex redemptor It  
Optimus magnus He  
Aeternus iudex Mi  
Auctor omnipotens. Us
```

```
RS{ThIsIsTrItHeMiUs}
```

Remember, the flag is case sensitive. If the word starts in lowercase, then the decrypt result is lowercase.
